

Jreanne Ramgeet

Brampton, ON | 647-909-5268 | jreanner@gmail.com

SUMMARY OF SKILLS

- Strong foundation in software development, algorithms, and problem solving
- Experience building backend systems using Python and Flask
- Skilled in working with databases including Azure SQL and MySQL
- Effective communicator with teamwork and leadership experience
- Quick learner with ability to adapt to new technologies

TECHNICAL SKILLS

- Languages: Java, Python, SQL, JavaScript, HTML, CSS
- Tools: Git, GitHub, VS Code, Android Studio, Flask, IntelliJ
- Databases: Azure SQL, MySQL
- Concepts: Data Structures, Algorithms, OOP, APIs, Debugging, Testing

PROJECTS

Plagiarism Detection System

- Built backend APIs using Python Flask to support file uploads and plagiarism analysis workflows
- Connected frontend interfaces with backend services through RESTful routes and database integration
- Designed Azure SQL database tables and handled dynamic insertion of user submission data
- Processed uploaded ZIP submissions through automated preprocessing and validation pipelines
- Collaborated in an agile team environment using version control and iterative debugging practices

Machine Learning Models

- Built machine learning models using supervised, unsupervised, and reinforcement learning techniques
- Implemented neural networks and CNN architectures using custom backpropagation logic
- Performed data preprocessing, feature scaling, and model evaluation for improved performance
- Worked with reinforcement learning environments and agent training workflows
- Applied optimization algorithms including Particle Swarm Optimization (PSO)

LEADERSHIP

Vice President – Women in Computer Science Club

- Helped organize academic, networking, and social events for students in computer science
- Assisted in fostering an inclusive and supportive environment for women pursuing careers in technology

Peer Mentor – Faculty of Math

- Provided guidance and support to students adjusting to university coursework and campus life
- Developed strong interpersonal and communication skills through one-on-one mentorship interactions

WORK EXPERIENCE

No Name | Grocery Clerk

Sept 2024 – April 2025

- Operated POS system efficiently to process purchases, returns, and exchanges with accuracy and speed
- Provided friendly, attentive customer service, answering questions and resolving concerns promptly

Best Buy | Omni Channel Specialist

Oct 2023 – Dec 2023

- Provided technical support and assisted customers with troubleshooting
- Improved customer satisfaction rates through proactive problem-solving and efficient complaint resolution

EDUCATION

Bachelor of Science (Honours) Computer Science, Concentration in Artificial Intelligence

Brock University

Jan 2022 – April 2026

- Dean's honour list (2022)
